

MELBOURNE DISABILITY SERVICES

What We do

Melbourne Disability Services offers a range of support and services to people living with disability. We endeavour to provide tailored support services that seamlessly integrate into our participants' lifestyle.

Assistance with Daily Living

Supporting people with in-home personal care activities such as showering, toileting, cooking, cleaning etc. We offer assistance in arranging and setting up your personal care supports with dedicated 1:1 support workers of your choice

Community Access

We support our participants to access the community and become socially active. We engage in a range of fun activities that promote capacity building and encourage participants to achieve their goals.

Group Activities

Shared supports with multiple participants to access the community together and engage in creative and fun activities. We have social get togethers, regular outings and a walking club.

Respite Care

We offer support to carers and family members of those living with disabilities so they can take a well rested break from their caring duties and have peace of mind that their loved ones are in safe hands

Specialist Disability Accommodation

We provide participants with access to accessible accommodation that's suited to their needs and supports their day to day independent living. A housing solution that promotes your independence

Supported Independent Living

We offer Supported Independent Living supports that provide participants with access to 24 hour care where they can choose to engage in as little or as much support as they would like.

Independent Living Options

Supports that let you choose the home you live in and set up supports the way that best suits you. With this support we work with participants in implementing their ILO Package and setting up their tailored support needs.

High Intensity Support

Support provided to people living with disabilities who also have complicated health conditions that require day to day support such as PEG Feeding, Catheter management, bowel care etc.
